10. Brief History of the Organization: Bergen Family Center is Bergen County's oldest family service agency, serving the community since 1898. It began as an after-school program with a \$100 grant from the Woman's Club of Englewood. Today, it has grown into a \$6.4 million organization with 120 staff members, delivering over 500,000 service hours to approximately 5,000 individuals annually.

Children's Services: We provide safe, affordable early childhood education and child care, along with after-school and summer programs, for 300 children ages 4 months to 13 years. Our programs serve infants, toddlers, preschoolers, and elementary school-aged children.

Community-Based Services: These include the Family Success Center (FSC) and the Home Instruction for Parents of Preschool Youngsters (HIPPY) program. Through the FSC, we empower families by providing essential resources and connecting them to additional community services beyond Bergen Family Center's scope. Through HIPPY, we support parents as their child's first and most important teacher.

Adolescent Services: We deliver school-based mental health, prevention, and support programs to more than 1,100 middle and high school students annually.

Elder Care: We support older adults at all levels of independence through adult day programs, care management, wellness activities, enrichment classes, and caregiver respite, helping seniors remain active and engaged in the community.

13. Three Most Important Needs for Funding by the Palestroni Foundation and the amount you seek for each:

Please list in order of priority as one of the three requests are approved for funding.

1. **Comprehensive Older Adult Services:** Bergen Family Center is currently facing a \$47,000 funding gap in the \$625,000 budget supporting our comprehensive older adult services, limiting our ability to meet the growing demand for senior support. We are seeking a \$10,000 grant from the Alfiero & Lucia Palestroni Foundation to help reduce this shortfall and sustain critical services for the older adult population. Funds will be used over a one-year period.

Your support will directly help maintain and strengthen key programs, including our Adult Day Program, Care Management, Caregiver Support, and the Southeast Senior Center for Independent Living (SESCIL). Together, these services address a vital public health priority by helping older adults age in place safely, affordably, and with dignity, while preventing premature institutionalization.

Bergen County has the largest senior population in New Jersey, with more than 220,000 residents age 60 and older, and one of the highest populations of residents age 65 and older. As this population continues to grow, so does the need for community-based services that help older adults navigate challenges such as social isolation, limited mobility, chronic health conditions,

and financial hardship. This is where our comprehensive older adult services play a critical role, providing a vital lifeline to seniors and their caregivers throughout Bergen County, New Jersey.

Description of Programs: Our programs for seniors are community based and delivered from multiple locations in Englewood, NJ.

The Adult Day Program, located at 44 Armory Street, serves adults aged 60 and older on weekdays Monday through Friday from 9:00 AM to 2:30 PM. Participants engage in art, music, movement, games, and group discussions and receive two nutritious meals and snacks daily. The program serves approximately 65 unduplicated frail and visually impaired seniors each month and provides essential respite for caregivers.

The Care Management Program supports frail, homebound seniors, particularly those living below the poverty line, by helping them age in place with dignity. Care managers connect clients to critical benefits and services such as PAAD, Senior Gold, HEAP, SNAP, Meals on Wheels, MLTSS, veterans' benefits, and home care. Clients typically live alone, have limited support, or face short-term crises that place them at risk of declining health or institutionalization. Each client receives an average of eight hours of support per month, beginning with a comprehensive home visit and ongoing assessments, benefits counseling, and coordination of services. Care Management serves approximately 242 homebound older adults annually.

The Caregiver Support Program provides peer-led support groups, counseling, and referrals to approximately 31 caregivers each month. Many participants are low-income and balancing caregiving with work and family responsibilities. The program helps caregivers manage stress, prevent burnout, and cope with the emotional demands of caregiving.

The SESCIL program, located at 228 Grand Avenue, promotes healthy aging and lifelong learning for 176 adults annually age 57 and older. Through movement-based classes and educational offerings, participants remain physically active, socially connected, and emotionally engaged.

Collectively, these programs support the physical, emotional, and social well-being of older adults, particularly those who are isolated or economically vulnerable. Each year, Bergen Family Center serves approximately 514 older adults, with 29 percent extremely low-income, 38 percent very low-income, and 26 percent low-income.

Amount: \$10,000

2. The Zone – An In-School Youth Development and Mental Health Program (the Zone):

Bergen Family Center is requesting a \$10,000 grant to support the Zone: our in-school youth development and mental health program (the Zone) that has been making a meaningful difference in the lives of middle school students (seventh and eighth graders) we have been serving at Janis E. Dismus Middle School (JDMS) in Englewood, NJ, since 2017. The program site is located within the school building in a dedicated room where Zone staff are based, and students visit the Zone program multiple times throughout the school day.

In each of the past three school years, the Englewood Public School District (EPSD) contributed over \$200,000 annually to support the Zone program. However, for 2024–2025, EPSD reduced its support to just \$42,799 and has not committed any funding for the current school year.

Education systems across the country have faced budget cuts this year, and EPSD is no exception. The nonprofit sector has also been hit hard by reduced government funding. To date, Bergen Family Center has secured \$100,000, but we still face a \$130,000 shortfall against a program budget of \$230,000 for 2025–2026. We have secured the funds needed to start the school year and are working diligently to close the remaining funding shortfall to ensure the Zone runs successfully through the end of the year. Every investment, large or small, plays a meaningful role in sustaining the program. We hope you will consider supporting *the Zone* and helping us ensure that middle school students, during this critical stage of development, continue to receive the care and support they need to thrive.

The Zone Program Description: The Zone provides school-based mental health and youth development services for middle school students at JDMS facing trauma, anxiety, ADHD, language barriers, and food insecurity. Approximately 85% of participants are youth of color, many from Spanish-speaking immigrant families living in Englewood's lowest-income neighborhoods. More than half live in subsidized housing, and 75% qualify for free or reduced-price lunch. These challenges highlight the urgent need for accessible, in-school mental health supports.

National data mirrors local need. One in five children experiences a mental health condition, with half beginning by age 14. Suicide is now a leading cause of death among youth ages 10 to 24, highlighting the importance of early intervention.

The Zone serves approximately 150 seventh and eighth graders annually and operates Monday through Friday during the school year from 8 am to 4 pm. On a typical day, 80 to 85 students participate in individual and group counseling, enrichment activities, workshops, and wellness check-ins. The program addresses bullying, violence prevention, trauma, and healthy relationships while building emotional regulation, conflict resolution, and study skills.

The program is staffed by a bilingual master's-level site director, a licensed bilingual clinician, a youth development specialist, and a part-time teacher, supported by graduate-level social work interns. Staff collaborate closely with school counselors, the child study team, and teachers to support students with IEPs, learning differences, and behavioral needs through real-time referrals, crisis response, and coordinated care.

Deeply embedded within the school building, the Zone is a trusted and unique program in Englewood. By year-end, we anticipate that approximately 60% of all students who participate in this program will show improved academic performance, 60% will demonstrate reduced behavioral incidents, and 65% will show stronger skills in healthy communication and relationships.

Amount: \$10,000

3. Enhancing the Multi-Purpose Room at 44 Armory Street, Englewood: The multi-purpose room at our 44 Armory Street location plays a vital role in daily operations and community engagement. Nearly 100 individuals use this space each day for conferences and meetings, caregiver support groups, community events, staff professional development, and organizational activities. During the summer, teens participate in structured programming in this room. It is also used for Women's Wellness Workshops facilitated by our Family Success Center and for broader community meetings.

Unfortunately, the current furniture in this room is old and worn, limiting both comfort and functionality. A new sofa set and center table are essential furnishings that will significantly improve the room's appearance and usability, helping to create a welcoming and supportive environment for program participants, caregivers, staff, and community partners.

Support in the amount of \$6,000 would allow us to make this important upgrade and strengthen space that is central to many of our programs and services.

Amount: \$6,000

STRENGTHENING FAMILIES SINCE 1898

FOSTERING TEEN POTENTIAL & TRANSFORMING LIVES IN THE ZONE

The Zone at Bergen Family Center is not just a hub, it's a catalyst for personal growth and transformation for middle and high school teens. Last year, The Zone became a cornerstone of growth and support for 1,358 students, each receiving services tailored to foster their unique development.

Our dedicated team delivered counseling sessions to 322 students, guiding them through their unique challenges and celebrating their individual victories. Moreover, we conducted 1,363 counseling sessions, ensuring consistent, personalized support for each journey.

Our group counseling services engaged 498 students, fostering collective healing and a strong support community. Summer wasn't a break for growth, as 168 students seized the opportunity to participate in our summer initiatives, continuing their journey of learning and self-discovery. Additionally, 146 ambitious students took their first steps towards their career paths, engaging in employment counseling or our apprentice program, setting the foundation for a future of opportunities and success.

COLLEGE-BOUND TEENS WITH UNMATCHED SUPPORT – 96% SUCCESS RATE

At Bergen Family Center, we believe in turning college aspirations into achievements. Our College/SAT/Career Support program played a pivotal role in shaping the futures of 135 students, providing comprehensive college prep and career counseling services.

The results speak volumes about our commitment: 129 dedicated students embarked on their higher education journey, with 123 attending two- or four-year colleges and 6 choosing vocational paths. Impressively, 96% of the students we guided took a significant step toward their dreams by enrolling in two- or four-year colleges.

Our support didn't stop at admissions; we ensured a financial foundation for success. Remarkably, every college student secured financial aid, resulting in minimal or completely covered tuition fees. One student in our 2024 College Prep program was accepted at Harvard, Princeton, Penn, Brown and Amherst! This year's students also got into schools such as NYU, Carnegie Mellon, Boston University, George Washington University, Northeastern, Rutgers Honors and Stevens Institute of Technology.

Future Leaders and Empowering Seniors

CULTIVATING FUTURE LEADERS PRE-K TO 5TH GRADE

In the 2023-2024 school year, Bergen Family Center's After School Program became a beacon of enrichment and growth for young minds. Our program proudly welcomed 250 pre-K to 5th-grade students, engaging them in a comprehensive 10-month learning and personal development journey.

Each day, our dedicated educators and mentors provided a nurturing environment where these young learners could explore their interests, strengthen their academic foundations, and develop essential life skills.

Through diverse activities tailored to their age and developmental stage, our students honed their intellectual abilities and cultivated social, emotional, and creative skills, setting the stage for a lifetime of learning and success. At Bergen Family Center, we're committed to nurturing the potential of every child, ensuring that today's learners become tomorrow's leaders.

EMPOWERING SENIORS WITH COMPREHENSIVE SUPPORT AND CARE

At Bergen Family Center, we actively embrace and empower our senior community. Last year, our seniors enjoyed over 6,000 healthy, nourishing meals, fostering a sense of joy and community.

Our team provided 4,987 case management sessions, ensuring personalized support to meet the unique needs of each individual. Understanding the significance of mental well-being, we conducted 267 counseling sessions, offering a safe and supportive space for seniors to express and resolve concerns.

Additionally, 145 seniors embraced lifelong learning and social interaction by actively participating in various classes at SESCIL. At Bergen Family Center, each number represents a story of enrichment, an uplifted spirit, and a community growing stronger together.

Meeting Family Challenges

CHARTING THE COURSE – NAVIGATING TOWARDS FAMILY EMPOWERMENT AT THE FAMILY SUCCESS CENTER

Bergen Family Center's Family Success Center (FSC) stands as a beacon of support and empowerment, touching the lives of families in profound ways. Last year alone, we supported 469 families, providing a wide array of services designed to foster stability, growth, and community connection.

Understanding the importance of education, we equipped 250 families with essential back-to-school supplies, ensuring that children have the tools they need to thrive academically. Beyond educational support, we recognized the fundamental need for nourishment, offering monthly food donations to 200 families, helping alleviate food insecurity and comforting many households.

At the Family Success Center, every interaction is an opportunity to build stronger, more resilient families, and every service we provide is a step towards a more prosperous and hopeful future for our community.

EARLY LEARNING BEGINS AT HOME WITH HIPPY

Bergen Family Center's Home Instruction for Parents of Preschool Youngsters (HIPPY) program has been a transformative journey, shaping the educational landscape for numerous families. Our dedicated team delivered an impressive 2400 educational lessons in the most recent period, directly impacting young minds and empowering parents as their children's first teacher.

Our team demonstrated their commitment to personal, in-home support by making 2720 visits to HIPPY family homes, providing tailored guidance with a personal touch. In this period, 80 families actively participated in the program, and 82 children enjoyed the advantages of a structured, nurturing HIPPY education.

The program has distributed 950 story books in both English and Spanish, recognizing the diversity of the clients we serve. Remarkably, the program has celebrated the graduation of 750 families since its inception.

Providing Compassionate Care

COMBATING FOOD INSECURITY WITH LOCAL PARTNERS

Food insecurity remains a significant challenge for many in our community, but Bergen Family Center (BFC) is actively addressing this issue with impactful initiatives.

BFC has collaborated with the Bergen County's Food Insecurity Task Force to distribute 400 to 600 meals weekly, prepared by local restaurants.

This effort was bolstered by a partnership with Chef Dion and the Disabled Combat Veteran's Youth Program, where BFC teens helped distribute an additional 250 professionally cooked meals each week.

In 2024, the generosity of Key Food, Ivan Arugelo, and other local vendors and restaurants has enabled BFC to continue supporting hundreds of families weekly, providing much-needed relief and nourishment to those facing food insecurity.

COMPASSIONATE CARE THROUGH THE RYAN WHITE HIV PROGRAM

Bergen Family Center's Ryan White HIV Program is a pillar of strength and support, offering comprehensive services to one of the most vulnerable populations. Last year, our committed team delivered 1,458 services, each a testament to our dedication to health, well-being, and dignity.

Our medical case management sessions, totaling 443, ensured personalized, continuous care, addressing the complex health needs of each individual. With 641 early intervention services, we provided critical, timely support, helping to mitigate health issues and enhance the quality of life. Our approach to mental health, through 271 individual counseling sessions and 103 group sessions, offered a safe space for emotional healing and community support.

A Proud Legacy of Strengthening Families

Memorial House - The Timeless Commitment to Empower and Strengthen Families in Our Community

Our vision is to be the recognized leader in delivering high-quality, comprehensive human services to people of all ages. We believe that fostering an inclusive and equitable environment can fulfill our mission and bring about positive change in the lives of those we serve.

We understand that diversity, equity, inclusion, and engagement are not just buzzwords but fundamental to our values. We actively work to eliminate disparities stemming from systemic inequities and confront unconscious bias.

Throughout the early 1900s, we grew through mergers, eventually becoming the Civic Association. Our remarkable journey even saw US Senator Dwight Morrow serve as our Board Chair in 1911-12.

Beyond our initial focus, we've left an indelible mark on our community, co-creating programs like the Urban League for Bergen County and New Jersey's School Lunch Program.

The iconic Memorial House served as a source of refuge, resources, and reality in the 4th ward and has been referred to as a "pillar in the African-American Community."

As a neighborhood community center for Englewood's children, families, and older adults, we expanded our reach in 1947 by introducing vital mental health programs. Through a series of mergers and creative thinking, we became Bergen Family Center in 1997.

In 2019, BFC welcomed the Southeast Senior Center for Independent Living (SESCIL) into our family, enriching our capacity to serve older adults.

Our staff, highly trained in education, social work, child development, psychology, and law, are poised to continue profoundly impacting our community for generations.

Join us on this remarkable journey. Together, we will shape a brighter future for all.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Bergen Family Center

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Bergen Family Center (a nonprofit organization) which comprise the statement of financial position as of December 31, 2024 and 2023, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Bergen Family Center as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bergen Family Center and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bergen Family Center's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bergen Family Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bergen Family Center's ability to continue as a going concern for a reasonable period of time. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards on page 21-23 and the notes to the schedule on page 24 are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the *State of New Jersey Department of the Treasury Circular 15-08-OMB* and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 10, 2025 on our consideration of Bergen Family Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bergen Family Center's internal control over financial reporting and compliance.

BERGEN FAMILY CENTER

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 1 - NATURE OF THE ORGANIZATION:

Bergen Family Center ("the Center") provides recreational and educational programs, child and adult day care, mental health and therapeutic services, consultation and training, case advocacy and community education and intervention to families, individuals and groups. The Center's mission is to support, strengthen and enrich family life through innovative programs and quality service.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accounting Framework

The financial statements of the Center have been prepared on the accrual basis of accounting. The Center adheres to accounting principles generally accepted in the United States of America ("U.S. GAAP").

Financial Statement Reporting for Nonprofits

The financial statement presentation follows the recommendations of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, Presentation of Financial Statement, as amended by Accounting Standards Update No. 2016-14.

Financial Statement Presentation

The Center classifies information regarding its Financial position and activities including net assets and revenue, expenses, gains, and losses based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Center and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets not subject to donor-imposed stipulations.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Center and/or the passage of time. Also, other net assets subject to donor-imposed stipulations that be maintained permanently by the Center. Generally, the donors of these assets permit the Center to use all or part of the income earned on any related investments for general or specific purposes. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities and changes in net assets as net assets released from restrictions.

BERGEN FAMILY CENTER

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Contributions and Support

Contributions are reported as restricted support or unrestricted support, distinguishing between the existence or absence of donor-imposed restrictions. Net assets with donor restrictions are those whose donor-imposed restrictions, as to a specific purpose or time, have not yet been met or are those with donor-imposed restrictions on the corpus of the gifts specifying they be maintained in perpetuity. Net assets without donor restrictions include all resources that are not subject to donor-imposed restrictions.

Support from government grants is recognized according to the specific agreement. Generally, revenues from restricted grants are recognized in the period of the grant award while revenues from cost reimbursement contracts are recognized to the extent of the expenses incurred. Grant advances received that remain unspent at the conclusion of the grant period are reported as refundable advance on the statement of financial position. Grant receivables are all expected to be collected in less than one year.

Program Service Fees

Client fees and services are deemed to be in exchange for the benefits of program services provided by the Center and are recognized as revenue in the period the services are provided. Client fees represent the net realizable amounts from third party payors and clients for services rendered. Client fees received in advance of the period the services are provided are recorded as deferred revenue.

The process for estimating the collectability of client fees receivable involves significant assumptions and judgment. The allowance for doubtful accounts is based on historical loss experience and the aged basis of the outstanding balances. Balances that are still outstanding after the Center has used reasonable collection efforts are written off as bad debts.

Cash and Cash Equivalents

The Center considers all highly liquid investments with an original maturity of three months or less at the time of acquisition, to be cash equivalents. Cash and money market balances held in brokerage accounts are considered investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

BERGEN FAMILY CENTER

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Fair Value Measurements

The Center carries investments in marketable securities at fair market value which are managed by an outside Investment Advisor under an Investment Policy adopted by the Board. Interest, dividends and realized and unrealized gains and losses on investments are reflected in the statements of activities as increases and decreases in net assets without donor restrictions, unless their use is restricted by explicit donor stipulations or by law. Investment income and gains restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the income is recognized.

Fair Value measurements are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the fair value measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three levels, as described in Note 4.

Property, Plant, and Equipment

Property, plant and equipment are carried at cost, if purchased, or if donated, at fair market value at the date of receipt. The cost of maintenance and repairs is charged to expense as incurred while significant renewals and betterments are capitalized. It is the policy of the Center to capitalize expenditures which meet the criteria above and are over \$5,000. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Buildings	40 Years
Improvements	10-40 Years
Furniture, Fixtures, and Equipment	3-10 Years
Transportation Equipment	3-10 Years

Certain funding sources have a reversionary interest in certain property, as well as the determination of use of any proceeds from the sale of these assets.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis on the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefits. General and administrative expenses are those not directly identifiable with any specific function, but which provide for the overall support and direction of the Center.

The financial statements contain certain categories of expense that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Salaries and related expenses are allocated based on hours incurred. Additional expenses are allocated based on direct costs within the program or department.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

In-Kind Contributions

Donated goods and services are recorded at their estimated fair value when received. Contributions of services are recognized if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. The Center received \$91,884 and \$95,315 of in-kind goods and services for the years ended December 31, 2024 and December 31, 2023, respectively, the majority of which was for donated space to run the School Based program within Dwight Morrow High School. In-kind revenue is included in contributions on the statement of activities.

Reclassifications

Certain balances in the prior years' financial statements may have been reclassified for comparative purposes to conform with the presentation in the current years' financial statements. These reclassifications had no effect on the change in net assets.

NOTE 3 – CLIENT FEES RECEIVABLE:

NOTE 5 – INVESTMENTS AND FAIR VALUE MEASUREMENTS:

Authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Center has the ability to access at the measurement date. The types of investments in Level 1 include listed equities, fixed income and money market funds.

Level 2

Inputs other than quoted prices within Level 1, that are observable for the asset or liability, either directly or indirectly. Investments in this category include certificates of deposit.

Level 3

Inputs that are unobservable for the asset or liability and that include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation. Investments in this category generally include equity and debt positions in private companies. Currently the Center does not have any Level 3 investments.

BERGEN FAMILY CENTER

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 8 – ENDOWMENTS:

The Center's endowment consists of one donor-restricted fund established to satisfy program expense needs. As required by US GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Center has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date to the donor-restricted endowment fund, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Center classifies as donor restricted net assets (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund is classified as donor restricted net assets, until those amounts are appropriated for expenditure by the Center in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Center considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund;
2. The purposes of the organization and the donor-restricted endowment fund;
3. General economic conditions;
4. The possible effect of inflation and deflation;
5. The expected total return from income and the appreciation of investments;
6. Other resources of the Center;
7. The investment policies of the Center

Return Objectives and Risk Parameters

The Board of Directors has delegated responsibility of the oversight of its endowment assets to the Finance committee for the following:

- Development of sound and consistent investment policies and guidelines;
- Establishing reasonable and prudent investment objectives;
- Identifying, selecting and allocating asset categories and determining the asset mix of all assets;
- Periodically reviewing the suitability of the investments; and
- Making changes to any of the above.

BERGEN FAMILY CENTER

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 8 – ENDOWMENTS (CONTINUED):

The Center's adopted investment and spending policies for endowment assets attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the center must hold in perpetuity. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that may be characterized as moderate growth. The philosophy is aimed at the preservation and safety of principal with long term reasonable growth as an ideal. In order to maintain the safety of principal with moderate growth and without risking wide swings in principal value, it is necessary to maintain an investment in a variety of assets.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of -return objectives, the Center relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Center targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Center has a policy of appropriating for distribution each year the allowable amount per the endowment agreements. In establishing this policy, the Center considered the long term expected return on its endowments. Accordingly, over the long term, the Center expects the current spending policy to allow its endowments to grow. This is consistent with the Center's objective to maintain the purchasing power of the endowment assets, as well as to preserve and increase the assets. When the fund incurs investment losses, the loss is absorbed by net assets without donor restrictions.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Bergen Family Center

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bergen Family Center (a nonprofit organization), which comprise the statement of financial position as of December 31, 2024, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 10, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bergen Family Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bergen Family Center's internal control. Accordingly, we do not express an opinion on the effectiveness of Bergen Family Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bergen Family Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY CIRCULAR 15-08-OMB

To the Board of Directors of
Bergen Family Center

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited Bergen Family Center's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Bergen Family Center's major federal and state programs for the year ended December 31, 2024. Bergen Family Center's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Bergen Family Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State of New Jersey Department of the Treasury Circular 15-08-OMB*. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Bergen Family Center and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state programs. Our audit does not provide a legal determination of Bergen Family Center's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Bergen Family Center's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Bergen Family Center's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance the *State of New Jersey Department of the Treasury Circular 15-08-OMB* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Bergen Family Center's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance the *State of New Jersey Department of the Treasury Circular 15-08-OMB*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Bergen Family Center's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Bergen Family Center's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State of New Jersey Department of the Treasury Circular 15-08-OMB*, but not for the purpose of expressing an opinion on the effectiveness of Bergen Family Center's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
