Dear Kristine,

I hope this letter finds you well. On behalf of Alpine Learning Group, I am writing to thank the Alfiero & Lucia Palestroni Foundation for its longstanding support of our mission to transform the lives of individuals with autism and their families through innovative, comprehensive, and scientifically validated services across the lifespan.

Our relationship with the Foundation began through the late Dr. Jose Munin, whose son, Jonathan, has been a valued member of the Alpine community for many years. We remain deeply grateful for that introduction and for the meaningful partnership that has developed since. The Foundation's generosity has helped Alpine expand services for autistic adults and enhance recreational and outdoor learning opportunities that enrich the lives of learners of all ages.

As the need for high-quality autism services continues to grow, Alpine is committed to expanding our programs thoughtfully and strategically to meet the evolving needs of the individuals and families we serve. To support these efforts, we respectfully request the Foundation's consideration of our enclosed proposal for the coming year.

The proposal outlines our key priorities and the opportunities ahead, as well as the impact your partnership can have in helping us continue to provide life-changing services throughout our community. We would be honored to build on the progress we have achieved together and continue this important work with your support.

Thank you for your consideration and for your continued commitment to the autism community. If you have any questions, would like additional information, or wish to visit Alpine's campus, please feel free to contact me at 201-612-7800 x119 or btaylor@alpinelearninggroup.org. I look forward to the opportunity to speak with you and to continue strengthening our partnership.

Warm regards,

Bridget A. Taylor, PsyD, BCBA-D

9. Chief Purpose of the Organization:
Since its beginning 35 years ago, Alpine Learning Group's (Alpine's) purpose has remained the same: to transform the lives of individuals with autism and their families by providing innovative, comprehensive, and scientifically validated services across the life span. To do this, we cultivate strong partnerships with learners, caregivers, clinicians, and families. Together, we are unwavering in our commitment to our goal: to provide children, adults, and families living with autism with a wide range of comprehensive and individualized services that are designed to foster individual growth and personal achievement.

10. Brief History of the Organization:
In 1988, New Jersey had only a few options for behaviorally based school programs serving children with autism. Confronted with the challenge of securing an appropriate and effective education for their children, a small group of dedicated families joined with local autism specialists to establish the Alpine Learning Group. Alpine enrolled its first four students in 1989. Over the years, we welcomed more learners and professionals, expanded existing programs, and developed new initiatives. Alpine opened the doors to our current location in Paramus, New Jersey in 1998.

Over time, Alpine's education program has become highly regarded by both parents and professionals and is one of the most sought-after school programs serving individuals with autism in New Jersey. In 2015, with support from the Alfiero & Lucia Palestroni Foundation, and with a commitment to serving the lifelong needs of adults with autism, we opened a state-of-the-art facility for Alpine's adult program. The center was the first of its kind in Bergen County and is located next to the main school facility. Alpine also established our center for autism, which includes our intensive in-home program as well as a range of clinical services, such as diagnostics, assessment, and parent training. Our most recent endeavor, A Good Job Box (AGJB), launched this fall and leverages Alpine's rich 15-year history of identifying and cultivating community-based employment experiences.

In addition to building and refining our own programs to meet the needs of our learners, we have partnered with families and clinicians over the years to meet the needs of the greater autism community. Alpine has played a pivotal role in the formation of other private and public, special education programs for children with autism in Bergen County and beyond.

11. Brief Description of the Organization's Programs in the Most Recent Year:
Please include descriptive materials, publications, etc. as Exhibit 3.
Alpine's current education program serves 58 learners, ages 3-21, from 39 school districts and 7 counties in New Jersey. Our transition program focuses on enhancing vocational and life skills to help adolescents and young adults with autism develop independence and autonomy. Our adult programs promote individually tailored skills for productive and enjoyable lives, integrating individuals into their chosen workplaces and communities. And our center for autism pioneers new approaches to diagnosis and treatment. We are committed to advancing science-based assessment and treatment and developing innovative, real-world applications through research.

12. Names of Six Major Contributors:

3. Blanche and Irving Laurie Foundation	Amount $25,000

5. Pricewaterhouse Coopers LLP	Amount $25,000
6. Zirkl Memorial Charitable Fund	Amount $18,000

13. Three Most Important Needs for Funding by the Palestroni Foundation and the amount you seek for each:

Please list in order of priority.

1. Community Inclusion Transportation Vehicle

Community instruction, community-based work sites, community integration supports, **and reliable vans for transportation** are integral components of an effective day program for individuals autism. Together, these resources transform the program from a facility-based service into a pathway toward independence, employment, inclusion, and an improved quality of life. Vans that transport our clients into community instruction allow participants to learn and practice essential skills in the environments where they will actually use them. With individualized staff support, participants develop competencies such as purchasing items, managing money, using public resources, communicating with community members, making choices, following safety procedures, and navigating unfamiliar situations. Practicing these skills in real-world settings promotes greater independence and enables participants to generalize what they learn beyond the day-program facility. Community-based work sites provide meaningful opportunities for participants to explore career interests, develop job skills, improve stamina and productivity, and learn appropriate workplace behaviors. These experiences also allow staff to assess each participant's strengths and support needs in authentic employment settings. Regular exposure to employers and coworkers can lead to internships, volunteer opportunities, supported employment, and competitive integrated employment

Amount: $50,000

2. Alpine's newest employment initiative, A Good Job Box.

Autistic adults face unemployment rates of 85%, much higher than the general population. Rates are even higher for autistic adults who are also diagnosed with intellectual disabilities, who are non-speaking, or who have significant learning and behavioral needs. This lack of opportunities leads to social isolation, economic dependency, and mental health issues. Workplace biases and misunderstandings further hinder employment. Alpine's innovative snack packaging and gifting company, A Good Job Box (AGJB) addresses these barriers and offers employment training for

autistic adults. Alpine's newest initiative, A Good Job Box, is a welcoming, inclusive work training environment, conducive to the success of the most vulnerable members of the autism community. AGJB provides fun and motivating snack gift boxes where all of the snacks packed in the gift box have a social mission, and many provide job training for individuals with autism (e.g., popcorn for the people is one of our good partners). Leveraging Alpine's clinical expertise, the team has created roles tailored to the strengths of individuals with unique learning and behavioral support needs. It's a specialized and scalable training program, with the potential for employment with AGJB or elsewhere. Project development began in 2022, with market research and branding. AGJB began by distributing prototype boxes and received positive feedback from almost 100 recipients. The business officially launched in 2024 and the product has since been further refined to include coasters and snacks that align with each season. In the grant period, we aim to produce and sell at least 1,000 boxes to socially conscious individuals, businesses, and organizations looking to recognize and reinforce good work through individual gifts, event snacks, or favors. We project 2,000 work hours from July 2026-June 2027, all distributed among autistic adults and young adults as employees and interns. The project is estimated to cost $80,000 this year with anticipated sales revenue of $16,000. The next two years will require philanthropic support as we build our business, but revenue from sales is projected to largely cover ongoing costs in subsequent years. Our goals is to provide meaningful "good jobs" to individuals with autism while also spreading the message of positivity. To learn more about A Good Job Box visit our website.

Amount: $65,000

3. Outdoor Play Area Enhancements

Our Outdoor Play Area Enhancements project will install shade structures over our playground to create a safer, more accessible, and sensory-supportive environment for the children we serve, who have autism spectrum disorder and related sensory processing challenges. Exposure to intense sunlight, glare, heat, and elevated temperatures can trigger sensory discomfort, anxiety, overstimulation, and behavioral dysregulation, limiting children's ability to fully participate in outdoor activities. As a result, some children are unable to benefit from the physical exercise, social interaction, and developmental opportunities that outdoor play provides. By adding shade structures, we will create a more comfortable and regulated environment that reduces sensory triggers while protecting children from excessive sun exposure and heat. This enhancement will allow children to engage in outdoor play for longer periods, supporting gross motor development, physical health, social-emotional growth, self-regulation, and improved focus when returning to classroom and therapeutic activities. For children with autism, access to a sensory-friendly outdoor environment is not simply an amenity but a critical need that enables equitable participation in play, learning, and healthy childhood development.

Amount: $25,000

Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alpine Learning Group Education Program, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. As described in Note 2, these financial statements were prepared in conformity with the financial reporting provisions of the Division of Finance and Business Services, Department of Education, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of N.J.A.C. 6A:23A-18.1 through 18.23. Our opinion is not modified with respect to the matter.

Key Audit Matters

Key audit matters are those matters that were communicated with those charged with governance and, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters (cont.)

Areas of Higher Assessed Risk of Material Misstatement, or Significant Risks Identified in Accordance with AU-C Section 315

- Revenue recognition --- Our audit procedures to address the risk of material misstatement relating to revenue recognition, which was considered to be a significant risk, included:
    - Testing of controls, including among others, those over:
        - Review of the specific terms of contracts and in the case of public school tuition funds, tentative tuition rate charged.
        - Detailed analysis of revenue and the timing of its recognition based on our skill, knowledge and experience of nonprofits and the approved private schools for students with disabilities ("APSSD") industry.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Finance and Business Services, Department of Education, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about Alpine Learning Group Education Program, Inc.'s ability to continue as a going concern for June 30, 2025.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with the audit requirements as prescribed by the Department of Education, Division of Finance and Business Services, State of New Jersey and with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibility for the Audit of the Financial Statements (cont.)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alpine Learning Group Education Program, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alpine Learning Group Education Program, Inc.'s ability to continue as a going concern for a reasonable period of time.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information listed in the foregoing table of contents is presented for the purposes of additional analysis as required by the Division of Finance and Business Services, Department of Education, State of New Jersey and in accordance with the requirements of N.J.A.C. 6A:23A-18.1 through 18.23 regarding allowable costs, certified actual costs per student and the final tuition rate charged and is not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey and with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Restriction on Use

Our report is intended solely for the information and use of Alpine Learning Group Education Program, Inc. and the Department of Education, State of New Jersey for the purpose of determining the certified actual cost per student and the final tuition rate charged to public school districts for students with disabilities and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by the Department of Education, State of New Jersey

In accordance with the Division of Finance and Business Services, Department of Education, State of New Jersey, we have also issued our report dated September 30, 2025, on our consideration of Alpine Learning Group Education Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of N.J.A.C. 6A:23A-18.1 through 18.23. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with the Division of Finance and Business Services, Department of Education, State of New Jersey in considering Alpine Learning Group Education Program, Inc.'s internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH THE DIVISION OF FINANCE, DEPARTMENT OF EDUCATION, STATE OF NEW JERSEY

To the Board of Trustees of
Alpine Learning Group Education Program, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey, the financial statements of Alpine Learning Group Education Program, Inc. in the County of Bergen, State of New Jersey, which comprise the statement of assets, liabilities and fund balances – statutory basis as of June 30, 2025, and the related statement of support and revenue, expenses, and changes in fund balances – statutory basis for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 30, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alpine Learning Group Education Program, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alpine Learning Group Education Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alpine Learning Group Education Program, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under the audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with the audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey, in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Fair value of financial instruments --- The Organization measures fair value of its assets and liabilities as defined by FASB ASC Topic 820, Fair Value Measurement and Disclosure. Unless otherwise noted, the fair values of financial instruments approximate their carrying values. As of June 30, 2025, none of the assets and liabilities were required to be reported at fair value on a recurring basis. Carrying values of non-derivative financial instruments, including cash approximate fair value due to the short-term nature of these financial instruments. There are no changes in methods or assumptions during the years ended June 30, 2025.

Cash and cash equivalents --- The School considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

Restricted cash --- Cash that is restricted by time or purpose by donors or due to other reasons stipulated by contracts, grants or guarantees.

Tuition receivable from districts --- The School bills the districts up to forty-five days in advance of services performed. Approximately 70% of the balance of the account is from advance billings not yet received at year end. Approximately 30% of the balance of the account is from delinquent payments from districts.

Insurance receivables --- Insurance companies bear the responsibility for covering program service fees charged as a part of the Center for Autism program.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Contracted services receivables --- Private pay and other consultation arrangements require payments after service delivery. These represent amounts outstanding from those clients.

Property and equipment --- Property and equipment are depreciated through half year convention using the straight-line method with lives consistent with current Federal tax law as defined in the Internal Revenue Code Section 168 and class lives as defined in the section, except real property which is depreciated using a useful life of 15 years or the term of the original mortgage, whichever is greater. Asset additions of less than $2,000 are expensed in conformity with procedures prescribed by the New Jersey Department of Education.

Impairment of long-lived assets --- The School continually evaluates whether current events or circumstances warrant adjustments to the carrying value or estimated useful lives of fixed assets in accordance with the provisions of ASC 360-10-05, *Impairment or Disposals of Long-Lived Assets.*

Security deposits --- This amount represents the security deposits held for the term of the lease for the use of various business office leases including copiers, faxes, and postage meters.

Interfund due from/ (to) --- Annually, the interfund tracks amounts paid and due to other fund balances. Amounts that exist between public school restricted and without donor restriction accounts are typically due to private pay students and overages of the restricted program that were funded by without donor restriction amounts. Amounts that exist between with and without donor restriction amounts are typically due to the satisfaction of purpose restrictions on contributions.

Leases ---

Recognition --- Pursuant to ASU 842, the Organization recognizes a right-of-use asset and lease liability for only long-term leases based on the present value of future lease payments. In order to identify if a lease exists, lease agreements are evaluated by the Organization on an annual basis to ensure that the contract conveys the right to control the use of specific identified property, plant or equipment. When an individual identified asset is not identified or may otherwise be replaced by the owner (such as a postage machine), lease reporting is not required.

Finance leases are segregated from operating leases and further segregated by class of assets. The following characteristics denote financing leases:

1. If the asset transfers over at the end of the lease
2. If the purchase option is reasonably certain of being exercised
3. If the lease term is a major part of the remaining economic life (generally greater than 75%) or
4. If the present value of the lease payments plus the guaranteed residual value is equal to or if it exceeds substantially all of the fair market value of the underlying asset (generally greater than 90%)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Leases (cont.) ---

The School recognizes lease expense for each leases as follows:

- 11-000-262-441: Amortization expense on building lease expenditures.
- 12-XXX-XXX-790: Amortization expense on equipment and furniture lease expenditures.
- 11-000-251-832: Interest on lease purchase agreements.

Present value calculation (interest rate): When there is no implied interest rate contained within the contract and the Organization's incremental borrowing rate cannot be readily determined for that specific asset class, the Organization utilizes the IRS Applicable Federal Rates ("AFR") for long-term liabilities.

Revenue recognition ---

Tuition --- The School recognizes tuition revenue in its public school restricted fund when it is earned rather than received. The School charges its clients monthly based on the number of possible days student(s) is/are eligible to attend. The number of days varies by month and is predetermined by the School calendar. Days of possible attendance are multiplied by a pre-determined tentative tuition rate published annually (July through June) by the New Jersey Department of Education. Tentative tuition rates are set by the New Jersey Department of Education on a school by school basis.

If the School's Certified Actual Cost per Pupil exceeds the Final Tuition Rate Charged per pupil, the School has the option to charge-back all sending districts in accordance with the Statement of Billing Adjustment which is included as a supplemental schedule in this report. If the School's Certified Actual Cost per Pupil is less than the Final Tuition Rate Charged per pupil, the School must send back all excess earnings to sending districts in accordance with the Statement of Billing Adjustment.

Tuition, contracted services and consultation --- Revenue is recognized once services are delivered to the client. These services are provided and revenue is recognized in accordance with the contract.

Contributions --- Contributions, including unconditional promises to give, are recorded when received. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give are recorded at their net realizable value, using interest rates consistent with unsecured individual credit rates applicable to the years in which the promises to give are to be received.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Income taxes --- The School is a not-for-profit organization described under Section 501(c)(3) of the Internal Revenue Code ("I.R.C.") and is therefore exempt from federal income taxes under Section 501(a) of the I.R.C. The School is also exempt under Title 15 of the State of New Jersey *Corporations and Associations Not for Profit Act*. Accordingly, no provision for Federal or State income taxes has been presented in the accompanying financial statements. Furthermore, the School is exempt from filing State of New Jersey information tax returns, and as such, does not file.

The School adheres to FASB ASC Topic 740, *Income Taxes,* which provides guidance and clarification on accounting for uncertainty in income taxes recognized in the School's financial statements. The guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on de-recognition, classification, interest and penalties, disclosure and transition. For the year ended June 30, 2025, the School has no material uncertain tax positions to be accounted for in the financial statements.

The School files an informational tax return in the United States federal jurisdiction. The School is generally subject to tax examinations for three years since the date of its latest filing.

Bad debt --- No allowance for bad debt has been provided for in the restricted or unrestricted funds. The School writes off uncollectible tuition accounts, if any, on the direct method after three years have elapsed and reasonable collection efforts have been made. This is consistent with procedures prescribed by the New Jersey State Department of Education. For the year ended June 30, 2025, the School, its public school restricted fund did not write off any bad debt.

Functional allocation of expenses --- Expenses are charged to each program based on direct expenditures incurred. Program expenses are those related to public school, private placement education, and other program services. Support services are those related to general administration and fund-raising. The School's material expenditures are those related to the restricted school program. The New Jersey State Department of Education provides cost categories for all accumulated costs under the program.

N.J.A.C. 6A:23A-18.3 (c) through (g) establishes guidelines for indirect cost allocations. Indirect costs are first allocated by function, operation or program. The calculation for allocation is either (1) an equitable allocation approved by the commissioner, (2) an allocation of indirect costs based on total direct costs of the function, operation or program, or (3) the ratio of ADE for each program to total ADE. Other indirect expenses existing in fund balances outside of the restricted school program include salaries and related payroll expenses, which are allocated on the basis of estimates of time and effort. The indirect labor hours cost pool serves as the basis for allocating supplies and other general office expenses. Rent, utilities and other facility costs are allocated based upon dedicated office space in relation to the function, operation or program.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Interest income --- Non-service interest income pertaining to the non-tuition funds are recognized when received. Use of estimates --- The preparation of financial statements in conformity with the standards prescribed by the New Jersey State Department of Education which requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Alpine Learning Group Foundation, Inc.

Opinion

We have audited the accompanying financial statements of Alpine Learning Group Foundation, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alpine Learning Group Foundation, Inc. as of June 30, 2025, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alpine Learning Group Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alpine Learning Group Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alpine Learning Group Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alpine Learning Group Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Alpine Learning Group Foundation, Inc.’s 2024 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 1, 2025. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED JUNE 30, 2025 AND 2024

1. NATURE OF ACTIVITIES

Alpine Learning Group Foundation, Inc. (the "Organization") is a not-for-profit organization incorporated in the State of New Jersey, which was organized to raise funds for Alpine Learning Group, Inc (a parent/ administrative management company), Alpine Learning Group Education Program Inc. (a private disabilities school), A Good Job Box, Inc. (a job skills program for individuals with Autism), and Alpine Autism Services, Inc. (an adult services program for individuals with Autism) (collectively "affiliates") and to assist them in carrying out their missions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting --- The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly revenues are recognized when earned and expenses are recognized when incurred.

Basis of presentation --- The Organization prepares its financial statements utilizing the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Nonprofit Organizations,* and other pronouncements applicable to not-for-profit organizations. The Organization presents its financial statements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Paragraphs 958-205-45-2(a) through (d), which establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into two net asset categories according to the existence or absence of donor-imposed restrictions; net assets with donor restrictions and net assets without donor restrictions.

ASC Paragraphs 958-605-45-3 through 7, *Contributions Received*, requires that unconditional promises to give be recorded as receivables and revenue and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor imposed restrictions.

Accordingly, net assets of the Organization and changes therein would be classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed stipulations. This represents the portion of expendable funds available to support the Organization's programs and activities.

Net assets with donor restrictions - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Cash and cash equivalents --- For cash flow purposes, **t**he Organization considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

Restricted cash --- Restricted cash is the portion of cash that will be used to cover expenditures that have been purpose restricted by the donor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Accounts receivable --- Accounts receivable are stated at the amounts management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to expense and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance for doubtful accounts and a credit to accounts receivable. At June 30, 2025 and 2024, no allowance for doubtful accounts has been provided.

Due from/ (to) related parties--- Annually, the interfund tracks amounts due from or due to related parties. Related party transactions are further detailed in Note 6.

Fair value (hierarchy) of financial instruments --- The Organization measures fair value of its assets and liabilities as defined by FASB ASC Topic 820, *Fair Value Measurement and Disclosure*. This ASC Topic defines fair value, establishes a framework for measuring fair value, establishes a three-level fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. The three fair value hierarchy levels are defined as follows:

Level 1 – Inputs are quoted prices (unadjusted) in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value and shall be used to measure fair value whenever available.

Level 2 – Financial assets and liabilities that use inputs to the valuation methodology which include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Inputs are unobservable inputs for the assets and liabilities. Unobservable inputs shall be used to measure fair value to the extent that the observable inputs are not available. Unobservable inputs shall be developed based on the best information available in the circumstance, which might include the reporting entity's own data.

Unless otherwise noted, the fair values of financial instruments approximate their carrying values. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2025 and 2024 none of the Organizations' assets (except for investments) or liabilities were required to be reported at fair value on a recurring basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Fair value (hierarchy) of financial instruments (cont.) --- Carrying values of non-derivative financial instruments, including cash, receivables, accounts payable and accrued expenses, approximate fair values due to the short-term nature of these financial instruments. There were no changes in methods or assumptions during the years ended June 30, 2025 and 2024.

Revenue and support recognition --- Contributions, including unconditional promises to give, are recorded as received. All contributions are available for unrestricted use unless specifically restricted by the donor. The Organization has a policy of classifying donations with donor restrictions as without donor restrictions when those restrictions are met in the same reporting period.

Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using interest rates consistent with unsecured individual credit rates applicable to the years in which the promises to give are to be received. The Organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

Fundraising revenue is considered an exchange transaction and accordingly, amounts are recognized when the event takes place and matched against expenses. Additionally, funds received in advance of the event(s) are accounted for as deferred revenue in the statement of financial position.

Donated services --- Donated services are recognized as contributions if the services (1) create or enhance nonfinancial assets or (2) required specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization generally pays for services requiring specific expertise.

Donated goods --- Donated goods are recorded at fair value. The Organization received donated goods for the purpose of auction at fundraising events in the amounts of $82,471 and $81,283 for the years ended June 30, 2025 and 2024, respectively.

Income taxes --- The Organization is a not-for-profit organization described under Section 501(c)(3) of the Internal Revenue Code ("I.R.C.") and is therefore exempt from federal income taxes under Section 501(a) of the I.R.C. The Organization is also exempt under Title 15 of the State of New Jersey *Corporations and Associations Not for Profit Act*. Accordingly, no provision for Federal or State income taxes has been presented in the accompanying financial statements.

The Organization adheres to FASB ASC Topic 740, *Income Taxes,* which provides guidance and clarification on accounting for uncertainty in income taxes recognized in the Organization's financial statements. The guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on de-recognition, classification, interest and penalties, disclosure and transition. For the years ended June 30, 2025 and 2024, the Organization had no material uncertain tax positions to be accounted for in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Income taxes (cont.) --- Annually, the Organization files an informational return with the Internal Revenue Service. The Organization also files an annual charitable registration in the State of New Jersey. All returns have been filed and all taxes have been paid. The Organization is subject to federal and state tax examinations generally for three years from the latest filing date.

Functional allocation of expenses --- Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated to programs based on units of service and support costs are allocated to programs based on time spent. Program expenses are those related to the Organization's mission to operate for the charitable and educational purposes of the affiliates. Management and general and fundraising includes direct costs of special events based on methods considered by management to be reasonable.

Allocated indirect expenditures include salaries and related payroll expenses, which are allocated on the basis of estimates of time and effort. The indirect labor hours cost pool serves as the basis for allocating all other indirect costs.

Advertising --- The Organization expenses advertising costs the first time the advertising takes place. Total advertising for the years ended June 30, 2025 and 2024 was $44,519 and $33,451.

Use of estimates --- The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Prior year summarized information --- The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the U.S. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2024, from which the summarized information was derived.

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

The following are descriptions of the valuation techniques applied to the Organization's major categories of assets measured at fair value on a recurring basis:

Exchange Traded Funds: Investments traded in an active market.

United States Treasury: Investments traded in an active market at face value of the T-bill at its specified maturity date.

3. FAIR VALUE OF FINANCIAL INSTRUMENTS (CONT.)

Mutual Funds: Investments traded in an active market for which daily closing prices are measured primarily on a net asset value basis.

The following table presents the Organization's financial assets quoted at fair value at June 30, 2025 and 2024:

	2025	2024
Exchange traded funds	$ 970,982	$ 807,067
United States Treasury	-	624,977
Mutual funds	-	451,653
Total	$ 970,982	$ 1,883,697

Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. INVESTMENTS

The cost basis and estimated fair value of investments held as available for sale by the Organization at June 30, 2025 and 2024 are as follows:

Exchange traded funds	$ 931,786	$ 39,196	$ -	$ 970,982

5. PROMISES TO GIVE

Total unconditional promises to give consist of the following at June 30, 2025 and 2024:

	2025	2024
Total unconditional promises to give	$ 104,500	$ 250
Less: Allowance for doubtful promise	-	-

Amounts due in:		
Less than one year	$ 88,667	
One year or greater	15,333	$ 250
Total	$ 104,500	$ 250

Our Mission

We transform the lives of individuals with autism and their families by providing innovative, comprehensive, and scientifically validated services across the life span.

Dear Alpine Community,

It has been a true privilege to serve on Alpine Learning Group's Board of Directors for the past several years, and I am honored to have stepped into the role of Board President in September 2025. As a former Alpine parent some 20 years ago and throughout my time on the Board, I have seen firsthand Alpine's unwavering and dedicated commitment to innovation and to meeting the evolving needs of our learners and their families we serve.

I have witnessed Alpine's remarkable growth, including the exciting expansion of the Education Program through a major construction project set to be completed early in 2026 and the first year of A Good Job Box, which is creating meaningful employment opportunities for autistic adults. These milestones reflect Alpine's forward-thinking vision and dedication to creating a lasting impact.

As I reflect on this progress, I am filled with optimism for Alpine's future. With strong leadership, visionary programs, and a deeply committed community, Alpine is well-positioned to continue reaching new heights. It is an honor to be part of this journey and to help support the meaningful work ahead. Thank you for your support of Alpine's mission!

A LETTER FROM OUR COFOUNDER AND CEO

Dear Friends,

Thank you for your continued and generous support of Alpine Learning Group throughout 2025. As we reflect on the past year, I am filled with gratitude for the families, staff, board members, partners, and donors who stand beside us and make our work possible. Your belief in Alpine allows us to continue building a future rooted in dignity, opportunity, and hope for individuals with autism.

Alpine began with a simple yet powerful dream: to create a place where individuals with autism could learn, thrive, and be valued for exactly who they are. Over the years, that dream has grown into a vibrant and compassionate community. What has never changed is our commitment to meeting each learner with understanding, evidence-based practice, and unwavering respect.

Every family who walks through our doors brings both hope and uncertainty. Because of the dedication of our staff and the strength of our community, those families find partnership, progress, and reassurance. Alpine is more than a program; it is a community built on trust, collaboration, and shared purpose.

I am continually inspired by our learners, whose determination reminds us of what is possible, and by our staff, whose skill, heart, and dedication bring our mission to life each day. I am also deeply thankful for our board and supporters, whose leadership and generosity allow us to grow thoughtfully and responsibly.

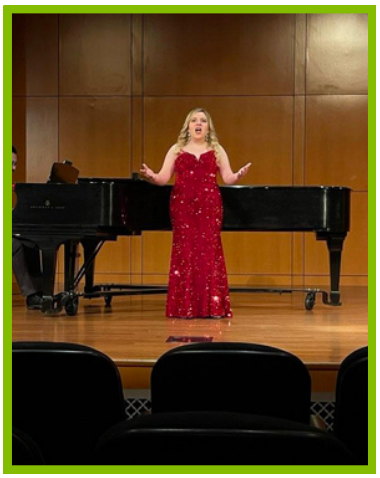

Inside this Year in Review, you will see milestones that reflect a collective effort and a shared belief in the potential of every individual we serve. Thank you for being part of Alpine's journey and for helping us create a lasting impact. The work ahead is bright, and I am honored to continue it with you by our side.

ALUMNI SPOTLIGHT: JODI

Jodi DiPiazza is a vocalist, pianist, singer-songwriter, composer, and autism advocate whose journey reflects perseverance, growth, and the power of believing in potential. Jodi began her educational path at Alpine Learning Group during a time when communication and daily functioning were significant challenges. Through Alpine's comprehensive ABA education program and a supportive partnership with Jodi's family, she developed essential academic and life skills and discovered her voice, both personally and musically, preparing her for mainstream education and the world beyond.

After Alpine, Jodi was successfully mainstreamed into the Rochelle Park School District and later attended Newmark High School before earning a Bachelor of Arts in Music, summa cum laude, from Rollins College, where she was inducted into Pi Kappa Lambda, the national music honor society. Jodi has since performed at national events and more than 100 charitable performances, earning the Presidential Gold Award for volunteer service, and has launched her recording career with original music focused on emotional honesty and storytelling. She recently completed her debut album, Believe, and remains deeply grateful to Alpine Learning Group for providing the foundation that helped shape the confidence, skills, and independence behind her success.

Today, Jodi is proud to use her platform to advocate for individuals on the autism spectrum, hoping her journey encourages families, students, and educators to focus on ability, growth, and opportunity. A notable milestone in Jodi's journey was the release of her music on Spotify. Her story is a powerful reminder of what is possible when students are supported and given the tools to thrive, values still that remain at the heart of Alpine Learning Group's mission. This year, Alpine Learning Group is proud to share an exciting milestone in our journey of growth and impact: the launch of the One Life. One Lifetime. expansion campaign. Guided by our deep commitment to learners and families, this initiative reflects our belief that every child deserves access to individualized support, meaningful opportunity, and a community that truly understands them.

With growing demand for Alpine's programs, this expansion will allow us to welcome more learners while enhancing the experience for the families we already serve. The project will connect learning spaces across our Education and Adult Learning buildings, add three new classrooms, and create a warm, inviting courtyard where families can gather, connect, and feel at home. The renderings here offer a glimpse into what's ahead.

More than new space, One Life. One Lifetime. represents growth with heart. Through this expansion, Alpine will increase program capacity by 52%, serving 20 additional learners and their families opening doors to lifelong learning, independence, and connection. Every act of generosity helps bring this vision to life. Your support allows Alpine to say "yes" to families seeking individualized care, strengthens a community rooted in compassion and excellence, and ensures more learners can reach their full potential.

> **This expansion allows Alpine to say 'yes' to more learners with autism while delivering the highest level of expert, individualized education and life-changing support.**

INNOVATION

We pride ourselves in moving beyond the status quo.

Alpine is consistently looking for ways to improve and expand the services we offer to our learners. In 2025, this commitment to innovation was reflected across several key initiatives.

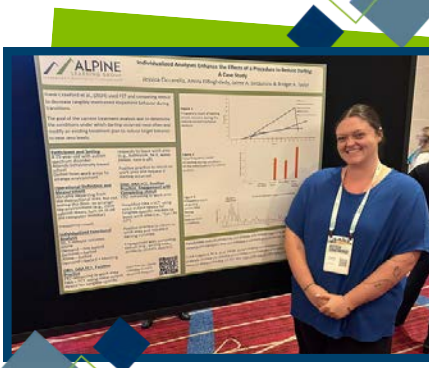

Advancing Inclusive Safety Education

At Alpine Learning Group, our dedication to our students extends beyond the classroom as we strive to ensure every learner can navigate the world with confidence and security. Since 2021, we have been proud partners in a groundbreaking statewide safety initiative led by Children's Specialized Hospital and supported by an Inclusive Healthy Communities grant. This project is truly innovative because it fills a long-standing gap in traditional safety education, which often overlooks the unique needs of the neurodiverse community.

By collaborating with a diverse group of advocates and caregivers, we helped create a first-of-its-kind resource that transforms complex injury prevention into practical and accessible tools for families. Our team played a vital role in this journey by serving on the planning committee and shaping the curriculum to meet the highest standards of excellence. We took this commitment a step further by piloting these programs within our own Transition Programs, allowing us to refine the materials in real-world settings. This initiative has now culminated in a comprehensive Online Safety Center that empowers individuals of all abilities to live safely and independently within their communities. Contributing to the Scientific Community

Alpine staff continue to lead the way in applied research focused on improving autism interventions. This year, our research team shared their work at state and national conferences, including NJABA, ABAI in Washington, D.C., and the Autism New Jersey Annual Conference. Their presentations highlighted practical strategies for addressing concerning behaviors and supporting individuals with autism through thoughtful, evidence-based approaches.

Our Latest Research Project

Within our Transition Programs, this research translated directly into meaningful, real-world outcomes. Three learners participated in a study using Behavioral Skills Training to build independence with rideshare apps, focusing on both app navigation and essential safety skills. Through simulated practice and real-world application, all participants successfully learned to use rideshare services, and two graduates now independently rely on these tools to commute to work, further supporting independence and community inclusion.

EXCELLENCE

At Alpine, EXCELLENCE is at the heart of our Adult Services.

Alpine is committed to creating real world opportunities that foster growth, confidence, and professional success in our adult learners. We are equally committed to the professional development of our direct support professionals, equipping them with the training and expertise to deliver meaningful outcomes.

Bergen Community College DSP Program

This year, Alpine's Adult Program proudly expanded its partnership with Bergen Community College's Direct Support Professional (DSP) Career Development Program, an initiative designed to create meaningful pathways for high-quality training and employment for aspiring DSPs. Through this collaboration, students gain hands-on experience supporting adults with autism while receiving mentorship from Alpine's skilled staff, strengthening the local workforce and reinforcing best practices in person-centered, ethical support. We are especially proud to share that one intern, Charmaine Elliston, successfully transitioned into a full-time role within Alpine's Adult Program in July 2025. **Charmaine shares that she is grateful for the preparation provided by Bergen Community College and values Alpine's caring, supportive environment and commitment to growth.** Since partnering with BCC in 2024, Alpine has trained nine DSPs through this program, and we look forward to welcoming new interns this spring.

Bergen COMMUNITY COLLEGE

COMPASSION

Stronger together through COMPASSIONATE connection and collaboration.

Alpine continues to build engagement with our partners to create a more inclusive, informed, and supportive community for our learners and their families. Our parent community remains our greatest supporters, and we thank them for being an essential part of Alpine Learning Group.

Corporate Partner Involvement

This year, Alpine Learning Group was grateful to welcome corporate partners Fried Frank, Deloitte, and Goldman Sachs to our campus. Through meaningful volunteer engagement, these teams shared their time and energy in support of our learners and staff.

We are deeply grateful to our corporate partners for their continued support of our mission. Their involvement strengthens our programs, deepens understanding of the autistic community, and helps foster more inclusive and informed workplaces and communities.

Fried Frank

Goldman Sachs

Deloitte.

For two consecutive years, our annual caregiver surveys have shown 100% of respondents are very or extremely satisfied across all programs, which is an incredible honor that reflects our families' trust and their strong likelihood to recommend Alpine to others.

Parent Socials

Alpine recently launched parent-initiated and parent led Parent Socials designed to foster connection, community, and collaboration among families. These relaxed, parent-only gatherings created space for meaningful conversations, shared experiences, and relationship-building. By bringing parents together in a welcoming environment, we strengthened our community and reinforced the shared commitment to supporting and advocating for our learners.

OUR GRADUATES FLOURISHING AT ALPINE

Meet two of our alumni who have grown into valued members of our team. We are incredibly proud of their journeys and honored to have them continue their impact within the Alpine community.

TEAM ALPINE

Meet Ryan

Ryan joined Alpine Learning Group at just three years old. Seven years later, he proudly graduated from Alpine and went on to continue his education within his local public school district.

In 2015, after a period of successful volunteerism with us, we were thrilled to welcome Ryan back to Alpine as a valued member of our staff in the role of Office Clerk. Since then, Ryan has been an essential part of our daily operations. He works diligently to keep supplies stocked, common areas clean and organized, and our South building festively decorated for every holiday. Ryan approaches his work with a positive attitude, strong work ethic, and impressive attention to detail. Beyond his dedication and reliability, Ryan brings an extra dose of personality to our team. He's our go-to sports expert, especially when it comes to the Giants. We are deeply grateful for Ryan's continued contributions and proud to celebrate him as an Alpine graduate, valued Alpine community member, and a standout employee.

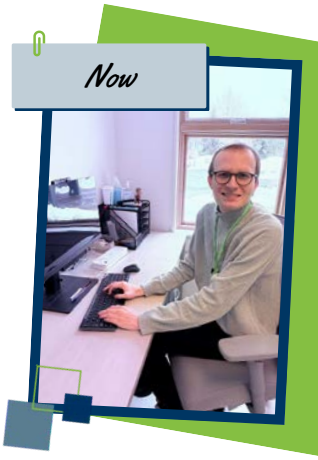

> I enjoy working at Alpine Learning Group because of the staff and learners. And I am excited for the new classrooms coming up!

Meet Robbie

Robbie joined Alpine Learning Group as a student in our Business Academy in 2018 and graduated from the program that same school year. Though his time at Alpine was brief, his impact was lasting. Affectionately known as the "North Building Mayor," Robbie very quickly became Alpine's biggest supporter and eagerly welcomed every visitor with pride and how much he loved our programs and staff! Just as much as our team encouraged Robbie, he uplifted others too. If Robbie ever told you, "You're a good egg" or "you're the best," you carried that joy with you all day.

As a student, Robbie explored a range of work-based learning opportunities from computer coding at Ellkay and the X-Ray department at Hackensack Hospital to the Ridgewood Library and Alpine's own IT Department. With a passion for working with computers, Robbie soaked up every learning opportunity. When graduation approached, we couldn't imagine Alpine without him. Robbie joined our team as an Office Clerk, supporting all programs with clerical tasks and special projects. Whether he's checking in with staff, managing department checklists, assisting with deliveries, or welcoming visitors in the North Building, Robbie brings heart to everything he does. We're so lucky to have him as our colleague!

> Alpine feels like a second home to me. It's fun coming here, the staff are fun people, I enjoy the tasks and I have learned to be more confident too!

RETURNING WITH PURPOSE, LEADING WITH HEART

We are thrilled to welcome back three familiar faces who returned to Alpine Learning Group, with spotlights written from their own perspectives that reflect on the supportive, innovative culture that inspired their return.

Meet Marc Francois

From my first day in CFA, I knew there was something special about Alpine's approach. Transitioning to the Ed program reaffirmed all of my beliefs, and working as a para has been the most fulfilling role of my life. One reason I returned to Alpine is because I wanted to service special needs kids since my little brother is autistic. The second being it's a great working environment, from the supportive staff and the endless learning opportunities. What sets Alpine apart from different organizations that I've worked for is the genuine care to improve learners' lives. That's rare to find in an educational environment and that makes me proud to be a contributing staff member at Alpine.

> What sets Alpine apart from different organizations that I've worked for is the genuine care to improve learners' lives.

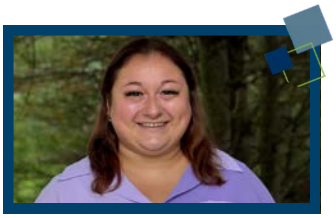

Meet Brian McHugh

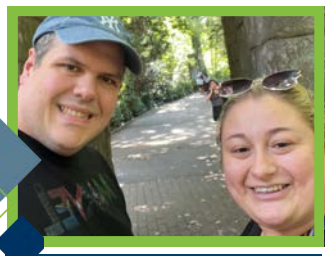

I began my journey at Alpine in Classroom 7 in 2018, transitioned to Classroom 4 in 2023, and proudly returned to Classroom 7 in 2023 as the Teacher of Students with Disabilities. What inspired me to come back to Alpine was the strong work culture and the support of my colleagues. There is a genuine sense of teamwork here and Alpine stands apart from other organizations because of its collaborative environment. There truly is no place like Alpine.

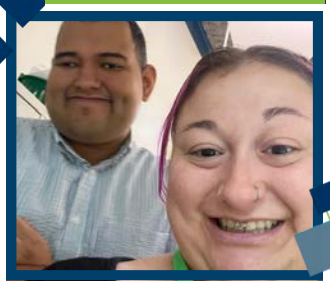

> What inspired me to come back to Alpine was the strong work culture and the support of my colleagues.

Meet Dana Shafer

Returning to Alpine Learning Group was the best decision I made! When I returned, I was ready to jump back into my previous role as an Adult Program DSP and shortly after, a Clinical Supervisor role opened. To me, this was a sign. Surely enough, Katrina and Jason, promoted me to clinical supervisor of room 140. What truly inspired me to return was the undeniable support and positivity. I have had other jobs in the realm of social services and special needs my entire life, but Alpine is the only organization that encourages interpersonal growth and emphasizes a team-oriented environment. I love coming to work every day!
